 Write a Blog Post	• Sonnet Creative structure + coherence — Sonnet's sweet spot	• Standard	
 Marketing Copy	• Sonnet Fast, persuasive creative output with brand awareness	• Standard	
 Debug Code	• Sonnet Reliable logic analysis — fast and precise for most bugs	• Standard	
 Learn a New Topic	• Sonnet Explanation + examples — no overkill, stays engaging	• Standard	

🟡 IMPORTANT DELIVERABLES

 Build a New Feature	• Sonnet Multi-file logic — needs more care, High effort pays off	• High	
--	--	---	---

 Competitive Research	● Sonnet Nuance matters — thorough analysis, not just surface facts	● High	●
● HIGH-STAKES & COMPLEX			
 Business Plan / Strategy	● Opus Deep multi-step reasoning — tradeoffs, logic, structure	● High	●
 Investor Pitch Analysis	● Opus Highest stakes — needs the best reasoning available	● Max	●
 System Architecture Design	● Opus Complex tradeoffs & long-horizon thinking — Opus only	● Max	●

FINAL RECOMMENDATION

Claude Sonnet · Standard Effort

Your 80% default. Fast enough for real-time work, smart enough for complex tasks. Save Haiku for speed, reach for Opus only when the stakes are genuinely high.
